Little League Fence Sponsor Sign Proposal 2010 Baseball Season

Dear Friend,

One of the central tenets of Little League of America is the role of the greater community in supporting the local league. For years our players have enjoyed community support through uniform sponsorships. Many a Hull Youth Baseball player, young and old, have fond memories of their sponsoring team!

Deepening the partnership between local organizations and local businesses strengthens the overall community and sends a message to youngsters that they are indeed at the center of the community's priorities.

Please consider our proposal and help build that youth and community bond!
